**Global Edits**

Perform Edits	You reported 3 full-time first-time undergraduate student exclusions via the OM component, but 5 full-time first-time undergraduate student exclusions at 200% in the GR200 component, which also covers 2009-10. We would expect the number of exclusions in OM to be greater than or equal to the number of exclusions at 200% in GR200. Please review your data and make any necessary corrections or explain the discrepancy. (Error #13419)	Explanation	Yes	
Reason:	There are actually 3 exclusions, 2 students who actually were awarded a degree were accidentally count as an exclusion as well in the GRS for the 2009 cohort.
