Institutional Characteristics 2010-11

Institution: Missouri University of Science and Technology (178411)

User ID:2 0 T8 Td9P2e411)

Welcome to the Institutional Characteristics (IC) survey. This survey collects important information about your institution's mission, admissions, students services, and student charges.

Much of the data reported on the IC survey appear on the NCES College Navigator, a college search service for students. It is important to report data correctly, as College Navigator is only updated one time after IC data have been reviewed, so errors may stay on the website for a full year.

Additionally, the pricing data are used to calculate the net price of attendance in the Student Financial Aid survey. This has important implications for what students see about your institution, and also for the net price watchlists.

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk and ask for help to make sure that you are reporting correctly!

- ~ Doctor's-Professional Practice tuition will be collected for 9 selected programs.
- ~ This survey component has been reordered, due to moving some of the items to the IC Header.

Reviews of the IC survey indicate a number of places where many people make errors. Please review the common errors listed below to ensure your institution does not make any reporting errors which may affect your institution's appearance to students and others.

- ~ In some cases, this provides false information to students or may cause an institution to appear on a watch list. Fatal errors are there for a reason - contact the Help Desk at 877.225.2568 and they will happily help you to figure out what you are doing incorrectly, or provide an override if necessary.

- ~ If your institution only requires a GED or other high school equivalent and/or an ability to benefit test, your institution is open admission.

- ~ This leads to inconsistent and problematic reporting on the Student Financial Aid survey.

These data will NOT appear in College Navigator, but will be made available via the IPEDS Data Center.

Estimates should be based on the definitions used in the IPEDS Fall Enrollment component submitted during the spring collection (for academic institutions report an estimate of the students that are/will be enrolled as of October 15, 2010; for program reporter institutions report an estimate of students enrolled in your institution at any time between August 1 and October 31, 2010). Prior year (PY) Fall Enrollment counts are provided for reference.
