Overview

Fall Enrollment Overview

The Fall Enrollment component collects student enrollment data by institution, year, state, gender, and student age. Institutions are required to report student enrollment by age, sex, and race/ethnicity. Institutions are also required to report the number of students who are first-time degree/certificate-seeking undergraduates. The Fall Enrollment component is required to be reported.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

Data Reporting Reminders:

- Part B, Enrollment of students by age, is required this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is optional this year.
