A Sexual Harassment in Education. The University is committed to affording equal employment and education opportunities to its employees and students, and to creating an environment free from discrimination and harassment. In furtherance of these commitments, both University policy and applicable state and federal law, prohibit all students, employees, volunteers and visitors at the University from engaging in sexual harassment in a University education program or activity against a person in the United States

This policy applies to sexual harassment in any phase of the University's employment process, any phase of its admission or financial aid programs, and all other aspects of its education programs or activities. For purposes of this policy, "education program or activity" includes locations, events, or circumstances over which the University exercised substantial control over both the respondent and the context in which the conduct occurs, and includes any building owned or controlled by a student organization that is officially recognized by the University. This policy and CRR 600.030 do not apply to sexual harassment that happens outside the United States, even when the conduct occurs in an education program or activity of the University.
